

HEMPFIELD TOWNSHIP EMERGENCY MANAGEMENT

2016 QUARTERLY TRAINING

G 775 - EOC Management and Operations (16 hours)

January 9 & 10: 8:00 am - 5:00 pm

This two-day course is designed to examine the role, design, and functions of the Emergency Operations Center (EOC) and their relationships as components of a multi-agency coordination system. The course provides training about staffing and organization, information, systems, communications and equipment needs at the EOC, activating and deactivating the EOC, EOC operations and EOC training and exercising. Participants will have the opportunity to apply what they have learned during group activities. This course will also focus on the coordination between the Incident Command System (ICS) and the decision making procedures taking place in the EOC..

Prerequisites: IS-100, IS-200, & IS-775

Registration and Information Link: <http://hempfielddema.com/training/g775>

G 270.4 - Recovery from Disaster, the Local Government Role (16 hours)

April 16 & 17: 8:00 am - 5:00 pm

This workshop is designed for local government disaster recovery professionals (elected officials, city/county administrators, emergency management coordinators, public works directors, building inspectors, community planners, and unmet needs committee coordinators). The workshop covers the roles, responsibilities, and major tasks of each team member during short- and long-term recovery. Participants learn the importance of recovery in the emergency management cycle, its role in the local community and the relationships between local government, non-profit agencies active in disaster and the community at large during the process.

Prerequisites: NONE, students should bring a copy of their Disaster Recovery Plan

Registration and Information Link: <http://hempfielddema.com/training/g270-4>

G 191 - ICS/EOC Interface Workshop (8 hours)

July 23: 8:00 am - 5:00 pm

The ICS/EOC Interface Workshop is designed to provide participants the ability to develop ICS/EOC interface implementation strategies or action plans for their communities. By proposing and discussing options in a neutral environment, and to help them understand that there are no rigid solutions to the ICS/EOC interface issues.

Prerequisites: IS-100, IS-200, & IS-775

Registration and Information Link: <http://hempfielddema.com/training/g-191>

G 557 - Rapid Needs Assessment (8 hours)

July 24: 8:00 am - 5:00 pm

This is a one day course to give communities a baseline understanding of developing the plan and procedures for rapidly and efficiently collecting disaster intelligence immediately following a disaster. This intelligence is used to prioritize response activities, allocate available resources, and specifically request resources from other sources to save and sustain lives.

Prerequisites: IS-100 & IS-200

Course Offering to be Determined

October 2016

All students must preregister via the Hempfield Emergency Management Agency (HEMA) website (www.HempfieldEMA.com) for classes at HEMA. In order to plan ahead for facilities and equipment, HEMA needs to know how many students are attending each program. All classes are limited to 30 students. No walk-ins will be permitted. The registration period will close two weeks prior to the class date. Detailed course information and links to register are available on the HEMA website at: www.HempfieldEMA.com, under the TRAINING menu tab.

All classes are scheduled to be held at:

Hempfield Township EMA Building (EOC) at 1132 Woodward Drive, Greensburg, PA 15601

** Dates and locations subject to change, notice will be given via e-mail and/or phone*
